

Peterson Lawn Services Snow Removal Contract & Specifications

For 2009-2010 Winter Season

1. Peterson Lawn Services will be responsible for plowing your driveway when there is an accumulation of at least 1.5 inches of snow.
2. Peterson Lawn Services will remove snow within eight hours after a snowfall has ended. During an emergency due to heavy snowfalls, pathways will be cleared for people to go in and out of the premises.
3. Peterson Lawn Services will charge a flat rate, no matter how much or how little snow falls. Monthly charges are based on the Seasonal Total amount. Regardless of when a contract begins, the monthly rates will total to be the amount of the Seasonal Snow Contract.
4. If Peterson Lawn Services may have done any damages to your property, please notify the office immediately. Arrangements for repairs must be made through the Peterson Lawn Services office. Any repair completed without authorization from Peterson Services will not be credited.

**Certain weather conditions allow turf to become soft, and although we do our best to avoid it, these conditions make it easier for grass to get torn up by a plow. Please notify the office if this occurs so repairs can be made in early spring.

5. Higher plowing rates are usually due to the amount of time spent shoveling at a property. It is possible that the price may be reduced if only the driveway is to be plowed. Call the office to find out if this will reduce your monthly payment!!
6. Statements are due and payable upon receipt. **Checks must be made out to Peterson Lawn Services.**
7. **CONTRACTS ARE DUE BY OCTOBER 31, 2009.** This ensures your spot on our routes.
